

Grafikrechnen I

Grafikrechnen 16

Die Ziffern von 0 bis 9 sind statt der Grafiken... so in die Additionen und Subtraktionen einzusetzen, dass die Rechnungen schlüssig sind. Dabei stehen gleiche Grafiken für gleiche Ziffern.

Lösung:

The image shows three subtraction problems arranged in a grid. Each problem consists of three numbers in a row, separated by minus and equals signs. The numbers are displayed in green boxes on an orange background. Small horizontal lines are placed below the numbers in the first two rows, and small equals signs are placed below the numbers in the second and third rows.

7	3	7	-	3	8	3	=	3	5	4
-				-				-		
4	0	0	-	1	5	3	=	2	4	7
=				=				=		
3	3	7	-	2	3	0	=	1	0	7
