

Grafikrechnen I

Grafikrechnen 10

Die Ziffern von 0 bis 9 sind statt der Grafiken... so in die Additionen und Subtraktionen einzusetzen, dass die Rechnungen schlüssig sind. Dabei stehen gleiche Grafiken für gleiche Ziffern.

Lösung:

The image shows three arithmetic puzzles arranged vertically, each with its solution below it. The numbers are displayed in a grid format where each digit is in its own box. The operations are indicated by symbols between the boxes.

6	3	8	+	1	2	0	=	7	5	8
	-				+				-	
1	3	3	-	1	2	2	=	1	1	
	=				=				=	
5	0	5	+	2	4	2	=	7	4	7
